Att: Mr. Paul LaFramboise Planning Board-Chair

Ref: Kate Lane

Mr. LaFramboise,

Bertin Engineering has been retained by Mr. Leo Tremblay to complete the town requirements for Kate Lane to be accepted as a town road. We are preparing the set the town road monuments. One of the monuments falls in the middle of a paved driveway on the property owned by Lisa Lanzillotti-Perterson. I'm requesting a waver or permission to set a property marker that would not require digging up a portion of the driveway.

Respectfully,

Bruce Fitzback
