

HELP US HELP YOU STAY HEALTHY IN THE NEW YEAR.

STAND WITH US AGAINST COVID-19.

At UMass Memorial Health, we are committed to bringing health and healing to you, our community. This is what we stand for. We stand up against pain and pandemics. We're doing everything we can to protect our patients, our employees and our community from the harm of COVID-19. Despite our best efforts, we continue to see so much avoidable illness and death caused by this horrible pandemic.

We can't succeed without you.

Our hospitals are overflowing with patients, many of them critically ill. The COVID-19 pandemic has strained our ability to provide you and your loved ones with the immediate care you may need. Every day, amidst the crush of patients with COVID-19, we're working relentlessly to care for patients suffering from strokes, heart attacks, cancer, and car accidents. It's not sustainable.

COVID-19 is seriously threatening your access to health care, and we can't end the pandemic on our own. We need your help to stop the spread of this terrible disease. So much is at stake.

We urgently need you to:

- Get vaccinated and boosted.
- Mask up - Even if you're vaccinated - and keep socially distant.
- Get tested for COVID-19 every time you feel sick.
- Encourage people you love to do the same.

We know these are challenging times. Stand with us against COVID-19, so we can continue to provide you with the care you need when you need it.

Sincerely,

Eric Dickson, MD
