December 22, 2009

Officer Donald Southall
57 Thompson Road
Webster, MA 01570

Dear Officer Southall,

Over the past two days the Town has received several complaints that sidewalks in front of businesses and residences have not been cleared of snow. The Police Department has contacted several homeowners and business owners advising them to clear their property of snow, and also has issued several Town by-law violations.

On 12/22/09 at 8:33AM an individual complained of a snow covered sidewalk at 17 Park Avenue. You responded and made contact with the homeowner. Mary Brodeur, 80 years old, explained to you that she could not shovel the walkway. At that time you located a shovel and cleared this woman's sidewalk and walkway. I commend you for your efforts and empathy for this elderly resident. Your response to this call exemplifies the fact that this department truly is "community committed". Please continue this strong work ethic.

Sincerely,

Timothy J. Bent
Chief of Police
