### **Webster Water Department** **Temporary Service Interruption**

September 25, 2024

**On Friday, September 27, 2024 at approximately 8:00am** the Water Department and Gravity Construction will temporarily interrupt water service to connect the new 12 inch water main on North Main Street into the existing 12 inch water main at the intersection of North Main Street and Bigelow Road. Outages will occur between North Main Street and Bigelow Road and will include Wall Street, Pearl Street, Pearl Ave, Railroad Ave, Market Street, Mill Street, Starzec Drive, and Genevieve Lane. We are estimating the work to be completed and service restored by 3:00pm on Friday September 27th.

Customers may experience accumulated sediments in their house laterals and some discolored water. This is normal and will clear after a brief run of cold water at the tap.

Traffic detours will be placed at the intersection of Cemetery Drive and North Main Street at the French River Bridge along with North Main Street and Slater Street and the intersection of Old Worcester Road and Bigelow Road. Please seek alternate routes.

For more information on the North Main Street Water Main Replacement Project, please visit our website at: [www.webster-ma.gov/242/Water-Department](http://www.webster-ma.gov/242/Water-Department)

Please contact the Water Department if you have any questions or concerns at (508) 949-3861.
