RE: **170 Thompson Road, Webster, Massachusetts**

Board Members,

As requested, CME Associates, Inc. (CME) reviewed the following materials:

Item 1 Revised "As- Built" Plan in Webster, Massachusetts, #170 Thompson Road, Webster Crossing, prepared by John R. Farren, Professional Land Surveyor, dated November 21, 2017, revised August 13, 2019.

The revised As Built Plan addresses CME's October 19, 2017 review comments. The site, as constructed, appears to meet the intent of the plans approved by the Planning Board.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chuck Eaton", is written over a light blue horizontal line.

Chuck Eaton, P.E., LEED AP
Webster Town Engineer
